It is often seen that young Lawyers couldn't join good offices/Law Firms and at the same time the good offices couldn't find competent associates. This is because of non-availability of information to the concerned. To resolve the above issue the Lawyers Association would like to work as a coordinator between both of them.

Therefore anyone who is in search of good offices/Law Firms or good offices looking for a good Associate, can submit their request to the Lawyers Association or alternatively the concerned person can also submit their request by way of Google Forms.

Link of the Form is given herein below :
